Conferences in the coming year

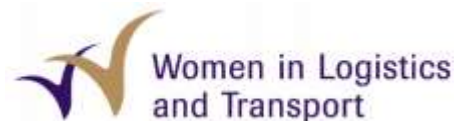

Members have suggested that conferences be organized on the following topics:

- Vision 2030 for Logistics & Transport Sector (LTS)
- Productivity improvements in LTS
- Issues, Challenges & Opportunities in LTS

Members are requested to send their suggestions to the Education Committee

WILAT India

WILAT India was inaugurated in 2015 has since been regularly holding organizing workshops, seminars and training programs for **Women in the Logistics and Transport Sector** both for training those in the sector and those who may want to get into this sector.

WILAT- India holding a special session in the one day seminar at “Institute of Engineering and Management” on 03, Sep 2016, in Kolkata made a big impact on the students in helping them understand work culture and available opportunities in the sector.

A seminar was organized on 1st Feb 2017 at the Entrepreneurship School,

Gurugram on “Opportunities for Women.” A mentorship program was started to guide students under women heading various departments in Logistics Industry - Railways, Road Transport Aviation, Shipping Agents and Logistics & Transport Companies.

Following is the code of Ethics which all members are expected to adhere to:

CILT – India Code of Professional Ethics

Members and CILT India shall:

- Support activities of the CILT India and abide by the appropriate standards, procedures, rules and guideline that may be issued by CILT India.
- Work in a manner so as not to bring disrepute to CILT India or its members.
- Maintain the privacy and confidentiality of information that they may acquire during the course of their work unless it is required under the Laws in force.
- Carry out their duties without any bias, fear or favour and in conformity with the relevant Laws, Govt rules & regulation, standards and guidelines.

- Serve the interest of the stakeholders in the Domain of ‘Logistics and Transport’ duly abiding by all Laws, Govt Rules, Regulations, Procedures and Guidelines in force.
- Constantly endeavor to keep themselves abreast with the latest in the domain and how best they can contribute it.
- Support the activities of CILT India and contribute to the knowledge and skill base in every manner possible depending on time and resources available to them.
- Support CILT Members by sharing information, knowledge, skills that they may have acquired through writing of articles, research papers, giving talks and making presentations and/or organizing workshops for imparting skill.
- Follow the rules, guidelines and procedures issued by CILT India from time to time.

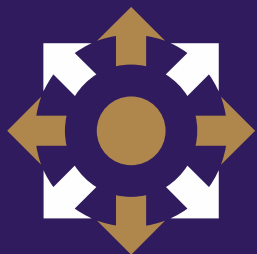

Failure to comply with this Code of Professional Ethics can result in an investigation into a member's or certification holder's conduct and, ultimately, in disciplinary measures including but not limited to withdrawal of certification and/or cancellation of membership.

Education Committee

The Education committee has been reconstituted as under:

- Mr. Harsh Kumar, Former Director, NIFM, Faridabad
- Dr. Vinay Miatri, Member, Professor, School of Planning and Architecture
- Dr. Veni Mathur, Member, Vice Chairperson CILT-India
- Mr. Sanjeev Shivesh, CEO, The Entrepreneurship School
- Mr. Prem Narayan, Member, IRSS, Deputy Director General (Logistics & CRM), Unique Identification Authority of India

The Committee meets on the 1st and the 3rd Saturdays of the month to discuss the different agenda items. They will be organizing a talk by an eminent professional/academician every month for the members. Members will not be charged for this. The committee has developed the Examination and Moderation Manual and standardized formats in which affiliate institutes may send their requests for holding examination-re-examinations.

Local Chapters

First Local Chapter was opened at Kolkata. Dr. Vinay Maitri and Shri Sanjeev Shivesh had attended the inaugural ceremony and delivered a talk to the students. The local chapters are expected to have at least 20 members and conduct one meeting every quarter for the members along with a talk on relevant theme of the domain. They are also to liaison with the local Institutes and different organizations in the Logistics and Transport Sector.

Discussions are in advanced stage for opening Local Chapters at other cities.

Training Programs

CILT India will regularly be running following training programs:

Program	Scheduled in
• IT & FOIS	Dec 2017
• Warehouse Management including Packaging	Jan 2018
• Supply Chain Management	Feb 2018
• Rail Freight Terminal Management	May 2018

Besides these a number of other programs will be organized depending on the demand of the members and/or industry

Skill-India Programs

Training at NDQF Level 1 has been planned in collaboration with one of the Industrial Training Institutes in NOIDA.

Modules are being prepared for imparting training at the different levels in different industries and this will enable us to make a significant contribute to Skill-India program of Govt of India.

Benefits of Membership of CILT-India

CILT India, the India chapter of Chartered Institute of Logistics and Transport (UK) is committed to improving professional standards in this industry segment. We endeavour to provide continued professional education to our members and support them in bringing about a positive change in the working environment by continually improving upon the systems and procedures in their organization and thereby making a positive contributing to society.

We will also give the necessary support through implementable ideas/schemes, providing inspiring case studies, sharing information across the members, organizing events/seminars/conferences and providing a platform for networks and building partnerships and living communities.

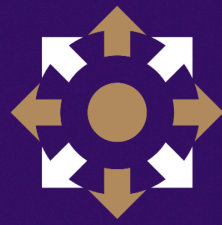

How your membership fee is being re-invested

The membership fees charged is used for following four group of activities:

- Increasing awareness and facilitating industry players through policy advocacy and providing industry with standards, ethical code of conduct for professionals and different operating procedures for delivery of quality service.
- Enhancing and supporting members.
- Providing Education and Training to industry entrants and professionals.
- Supporting different local chapters and Specialized Groups.

Following is a list of activities which directly give benefits to the members:

- Reinvesting back into the IT industry by creating new products and services for members and organisations to enable them to make IT good for society.
- CILT-India – bi-Monthly Newsletter
- CILT-India Quarterly – a quarterly magazine
- Talks by Eminent Professionals, once month or once in two months, on contemporary topic/issue.
- Increased Networking opportunities through the above events.
- CILT-India will be working to engage with the Govt and Industry on regular basis and members will be part of the delegation.
- Providing Networking platform for building new partnerships.
- Membership Card with benefits: these are being prepared and will be issued shortly.
- Access to CILT-India Library as and when it gets ready.
- Members can become a part of the Special Interest Groups in the domain of their choice.
- CILT-India is also working to actively take up Consultancy work and members can get into teams dealing with these.
- Avail discounts in the fees charged for the different Seminar and Conferences.

and Transport

CONNECTED OBJECTS, BIG DATA AND LOGISTICS EDUCATION

ANNUAL CONFERENCE 2017
7TH NOV 2017 | NEW DELHI

THE FUTURE IS HERE

The advances in Internet technologies and mobility have changed the world. The Big Data of yesterday has become Artificial Intelligence of today. Fast forward, experts as extrapolating an autonomous inter-connected world for tomorrow. That is the backdrop of **The Chartered Institute of Logistics and Transport (CILT) Annual Conference 2017**.

CONNECTED OBJECTS, BIG DATA and LOGISTICS EDUCATION

In the logistics, supply chain and transportation sector, the technological wave starting from bar codes, scanners, cameras, RFID and sensors have now transitioned into Internet of Things (IOT) and Connected Objects, where high quality data is generated every second.

Combine this with layer of artificial intelligence; the world of tomorrow is going to be radically different from the world of today. The new world will face competition from newer players experimenting with innovative solutions for consumers. No doubt, on the ground businesses have to increasingly navigate with VUCA challenges of volatility, uncertainty, complexity and ambiguity.

This has serious implications for decision makers as well as educators.

WHY ATTEND?

This Annual Conference 2017 is organized by CILT India along-with WiLAT, its sister organization. The stage is set to discuss this issue for stakeholders across the globe – business, industry, academia and policymakers. We have brought together distinguished experts and speakers to deliberate this issue. In addition, this conference brings together the knowledge base and expertise of more than 40,000 members of **CILT International** spread across 40+ countries.

Meet India's
biggest body of
Logistics, Supply
Chain and
Transport.
